Presents a fascinating and informative presentation on

CLIMATE CHANGE & SOLUTIONS

HOLLY LICHTENFELD, Climate Change Expert

From sea level rise to intense hurricanes, Florida is experiencing the effects of climate change. Holly Lichtenfeld, a climate change leader who lives in South Florida and is a member of Temple Shaarei Shalom, will speak to our Brotherhood and guests about what the future holds in store for South Florida and what we can do to make a difference.

Holly has worked on sustainability, the environment and climate change for more than

twenty years. She currently works with companies in renewable energy, energy efficiency, and other areas that mitigate this looming danger to our planet...unless we do something NOW to turn the tide.

She is one of thousands of volunteers in 135 countries around the globe who have been personally trained by former U.S. Vice President and Nobel Laureate Al Gore to educate the public about this world wide crisis.
