Two Performances

4:30pm - Revoice Music and Movement

6:30pm - Havdallah and Concert

Temple Members - Free • Non-Temple Members \$36.00/person, per program

“ReVoice” is a live and fully interactive communal music experience where participants are guided to create spontaneous vocal expressions while in motion. Artist, producer and composer Noah Aronson leads participants on a journey of creative expression through vocals loops and international movement, culminating in a unique and unreplacable piece of original music. Join us as Noah leads participants on a journey through our bodies to explore the rhythms, melodies and harmonies that are wanting to emerge through us.
